### Game Day Line Up

**Gear Up** - You can't play the game if you don't have the gear. Here you will have 20 minutes to shop for an outfit and shoes appropriate for your type of work. Everyone assigned a time.

**Personalize your line-up by selecting 3 of the following workshops & 1 alternate**

**Coaching Session** - Small groups meet with hiring professionals. They will coach you through applications, assessments, and then you can ask your toughest questions.

**Don't Drop the Ball** - No one makes a touch down, hole in one, or slam dunk without putting in some practice time. Interviews are the same way, but you have an ace in the hole. Here's your chance to get in front of a hiring manager and have them help you practice, so when you get that interview you score.

**Up Your Game** - Take your game to the next level through networking and social media. Learn how to use social media to enhance your job search, learn the pitfalls of posting everything about you on social media, and how to successfully engage other people to help you find your next job.

**Your 30 Second Commercial** - Become your own spokesperson. Learn how to tell a potential employer what you can do for them and why they should hire you in your own 30 second commercial.

**The Triple Threat** – Learn how to ace the three things standing between you and your next job – applications, assessments and interviews.

**What a CAN DO ATTITUDE can do** - Decrease your focus on what is wrong, increase your focus on what is right and build enthusiasm and energy which lead to success.

**Rookie Camp** – Are you looking for your first job? Let a recognized industry expert guide you through the process.
